

PARTPIXELS 5-YEAR LIMITED WARRANTY

PartPixels provides a five (5) year limited warranty from the original date of purchase for every genuine PIXPRO SSD manufactured with premium components and quality tested for dependable performance. This warranty applies only to the original purchaser and is non-transferable. Valid proof of purchase from an authorized reseller or distributor is required.

If an SSD has a manufacturing defect or fails under normal operating conditions during the warranty period, PartPixels may repair it, replace it with an equivalent or higher-capacity model subject to availability, or provide an appropriate remedy under the warranty policy. A replacement may be new or refurbished and will meet the original functional specifications. Repaired or replaced products remain covered only for the rest of the original warranty term.

TO REQUEST SERVICE

Provide the product serial number, valid purchase invoice, and any additional information requested by PartPixels or an authorized service partner. Back up all important data before returning a product. PartPixels is not responsible for loss, corruption, or recovery of stored data.

WARRANTY COVERAGE INCLUDES

- Warranty period: 5 years from original purchase date
- Manufacturing defects under normal use
- Original purchaser only
- Valid purchase invoice and product serial number required
- Repair, replacement, or equivalent product after inspection and subject to availability

WARRANTY DOES NOT COVER

- Physical or accidental damage
- Improper installation or misuse
- Unauthorized repair, modification, or operation outside stated specifications
- Electrical damage, liquid exposure, fire, natural disasters, or electrical surges
- Normal wear and tear
- Products with removed, altered, or damaged labels or serial numbers
- Data loss, corruption, recovery costs, business interruption, or lost profits

LEGAL LIMITATION

This warranty provides specific legal rights; additional rights may vary by country or region. To the maximum extent allowed by law, PartPixels is not liable for indirect, incidental, special, punitive, or consequential damages, or for costs above the original product purchase price.

BACKUP AND RECOVERY POLICY

Regularly back up important data to prevent loss from accidental deletion, hardware failure, software corruption, or unforeseen events. Create a complete backup before installing, formatting, updating firmware, or returning an SSD for service. Maintain multiple backups on separate storage devices or trusted cloud services so valuable information remains safe and accessible.
